Subject: FW: Luminant Big Brown and Monticello NSR permits

Aimee,

Did Kimberly Mireles send the letters she refers to below? I need these for use in a notice for a clean data determination for Big Brown and Monticello.

Thanks,
Bob

Hi Corey,

Here is clarification from Luminant on the remaining NSR permits. They are still valid, but not related to boiler operation.

Hi Sheila and Aimee:

We have canceled all main boiler permits for Big Brown and Monticello with TCEQ and have the TCEQ letters and documentation that support those voided permits. The material handling permits listed below are only maintained while we complete closure activities, such as coal piles, silos, and conveyors.

Please let me know if you need me to email the TCEQ letters that acknowledge the voidance of the main boiler permits for Big Brown and Monticello, including voided Title V permits.

Thanks,
Kim

EXTERNAL EMAIL

It does not look like the permits were listed on the void request form. The company will have to address this if they do not need the permits anymore due to facility being shut down.

I will cc the person on the void request form, they can go in to our STEERS System and do the void themselves and get immediate results.

Please forward this information if you another contact for this issue.

Sheila,

Here are the documents I have regarding the permanent shutdown and voidance of the permits. The permit numbers I found that showed they were still active were found from searching by the facility RN number.

Thanks,
Aimee

From what I can tell, these are all active permits. Was there a void request sent in from the company for each of these?

You can check the status of the permits here:

<https://www2.tceq.texas.gov/airperm/index.cfm?fuseaction=airpermits.start>

and they can request a void through STEERS or by sending a void request form to APIRT@tceq.texas.gov

Subject: Luminant Big Brown and Monticello NSR permits

We are working on a TX SO2 error correction and need to verify if all of the Luminant permits have been voided for Big Brown and Monticello. It looks like some are still active according to the TCEQ website. Can you check the status of the following permits?

17891
18744
56447
106862
112207
146278
2399
140265
137864
56387
54408
104210

If these permits are still active, can you give me an idea of when they should be voided?

Thanks,
Aimee Wilson
